

ITEM 500

**FUEL SURCHARGE**  
**APPLICATION OF SURCHARGE (See Notes 1, 2, 3 & 4)**  
 Revised 1-29-18

All charges for line haul transportation resulting from rates and/or charges, named in this tariff of contracts or other tariffs subject to this tariff, are hereby or will on their effective dates be increased as provided below, for the period this supplement is in effect.

In applying the provisions of this item, first determine the applicable line haul charge including all applicable increases and/or discounts, if any. The line haul charge so determined will be further subject to the fuel surcharge provided herein.

Truckload Fuel applies on shipments greater than 10,000 pounds and/or on shipments greater than 10 pallet spaces (based on 48x48x48).

The net line haul charge will be subject to a fuel surcharge as provided on the following page. The U.S. National Average On-highway Diesel Price as provided by the U.S. Department of Energy (D.O.E.) will determine the amount of the fuel surcharge. The current On-highway Diesel price may be obtained by calling 1-202-586-6966 (24 hours per day) or on the Internet at: [eia.doe.gov](http://eia.doe.gov)

The U.S. National Average On-highway Diesel Price announced each Monday will be utilized to determine the applicable fuel surcharge, which will be adjusted up or down on the succeeding Wednesday based on the above reference U.S. D.O.E. On-highway Diesel Price.

EXAMPLE: D.O.E. U.S. National Average On-highway Diesel Price announced on Monday, 8-5-2002, will be used to determine the Fuel Surcharge which will become effective on Wednesday, 8-7-2002.

NOTE 1 – Fractions of less than one-half cent will be dropped; Fractions of one-half or greater will be increased to the next whole cent.

NOTE 2 – The proceeds from this fuel related increase(s) will be passed along to the individuals or entities actually bearing the burden of the increased fuel costs.

NOTE 3 – The term “LINE HAUL CHARGES” referred to herein apply to all charges other than accessorial charges.
